

*The Inaugural*

# RISK LEADERSHIP CERTIFICATE PROGRAM

*Meet the Class:*

**RAMONA CHAPMAN** | CAPACITY DEVELOPMENT SPECIALIST  
VIRGINIA DEPT. OF HOUSING & COMMUNITY DEVELOPMENT

"My participation will enable me to develop a risk management curriculum for nonprofit leaders with low capacity in this area. I'm currently guiding my agency in developing a risk assessment tool and a risk management plan, and this certificate will lend greater credibility to my work as I learn best practices."

**AARON ACHARYA** | ASSOC. DIRECTOR, RISK MANAGEMENT & ADMINISTRATIVE SERVICES  
AMERICAN JEWISH WORLD SERVICE

"In this program, I want to explore ways of inculcating a risk aware culture and fostering informed risk taking at AJWS. I also want to develop risk communication skills in order to foster effective risk management and oversight between our staff and leadership teams."

**JOE BUDZYNSKI** | EXECUTIVE VICE PRESIDENT & CHIEF FINANCIAL OFFICER  
VOLUNTEERS OF AMERICA

"This program will help expand my network of risk management professionals and enable me to apply best practices to my own organization. I see this as a change in culture for VOA, so I want expertise in change management in the area of risk management, in order to gain staff trust and build risk awareness."

of America®

# Meet the Class:

**MIRANDA HORA** | SENIOR MANAGER, GLOBAL OPERATIONS  
HELEN KELLER INTERNATIONAL

"I want to become a risk management expert. As an operations professional working in the international NGO environment, I believe risk management is essential to the many decisions we must make in today's rapidly changing environment. I want to integrate risk awareness into HKI's decision making and ask "what if" questions that challenge assumptions, helping our organization to prepare for different outcomes."

**MARTIN KRAUS** | DIRECTOR OF FINANCE & SERVICE CENTER  
UNBOUND

"Being good stewards of our donors' contributions has always been one of Unbound's core values. Identifying and managing organizational risks are key components of effective stewardship. I look forward to learning alongside my engaged peers in this inaugural program, and I plan to use this experience to further formalize Unbound's risk management program."

**MITCH MOUCHABECK** | EXECUTIVE DIRECTOR OF RISK MANAGEMENT  
YMCA OF METRO ATLANTA

"I hope to elevate our risk management program to the next level by designing and implementing an Enterprise Risk Management program, deepening our risk culture and risk awareness, and enhancing risk reporting to executive leaders."

**BARRETT LEAHY** | DIVISIONAL VICE PRESIDENT  
GREAT AMERICAN INSURANCE GROUP

"I bring a special perspective to this program because GAIG insures thousands of nonprofits. Rather than a deep dive into the risk management of one business, I've taken a shallow dive into thousands. I want to better serve the nonprofit community by increasing the role that risk management plays in the culture in my division."
